

## HALLBERG-RASSY 340

---

The all-new Hallberg-Rassy 340, which premieres in August 2017, replaces the popular 342. The new model will deliver several firsts including a twin-wheel option with twin rudders. Below, the saloon settees are 2m long and further aft than usual, increasing the width between them. There's a spacious owner's cabin forward with a roomy vee berth and a further double cabin aft.
